

## OUTLINES PLANS FOR RAISING FUNDS FOR ROOSEVELT MEMORIAL

**Judge Wilkins Says Knox County's Quota Is \$1,500; Will Name Sub-Chairmen Soon**

Judge P. L. Wilkins, Knox county chairman of the Roosevelt Memorial association, will go to Columbus on Saturday to attend a meeting of all the county chairmen of the state. Judge Wilkins expects to receive instructions just how to proceed with the raising of funds in Knox county for the Roosevelt memorial.

"Knox county's quota is \$1,500," said Judge Wilkins Thursday morning and this sum should be raised in a few days.

Judge Wilkins plans to appoint a chairman in each township in Knox county. These chairmen can name their sub-committees to assist in raising funds.

## HARVEST HOME TO OCCUR OCT. 25TH

The "harvest home" for the Home for the Aged will occur on Saturday, October 25. It is requested by the trustees that the people of the city and county give liberally to this most worthy cause.

The Home has been in existence for 15 years and the trustees have taken care of thirty people during this time.

## When Eyes Are Right

they will never ache or smart. Cold winds will not cause them to water and reading will not cause weariness of the eyes.

But when they are wrong—trouble begins. At first it is only a sensation of tiredness after work. After a time your eyes will ache or smart occasionally. Then you probably will have "unaccounted for" headaches.

There is only one real remedy—glasses. At the first indication of trouble, call and let us make a scientific examination of your eyes.

## "Human Fly" To Climb Walls Of Court House

Harry H. Gardiner, better known as "The Human Fly," celebrated from coast to coast and from lakes to gulf as the most daring and successful climber the country has ever produced, will stage a thrilling exhibition of his skill in Mt. Vernon Friday evening at 7:30 o'clock.

At the above hour the "human fly" will climb the face of the Knox county courthouse, going to the very top of the tower. A searchlight will spot him on the climb so that everyone will be able to see him. He will wear a pure white suit.

In making the climb he will use no ropes or other equipment to aid his work, save his bare hands, and his feet encased in a pair of common tennis slippers.

E. R. Hitchcock, advance representative of Gardiner, was in Mt. Vernon today and announced that the "human fly" would make the fly Friday evening at 7:30 o'clock.

Gardiner has climbed 497 of the tallest buildings in the United States and Canada, including the Singer building in New York city, a 49-story structure.

The "human fly" is about ready to make his European trip and is making the climbs in the smaller cities and towns of this section as limbering up work preparatory to his big trip.

Gardiner promises the most interesting exhibition ever given in Mt. Vernon.

The exhibition is absolutely free of charge.

## DR. GREEN NAMED AS INSTRUCTOR

**Will Be At The Knox County Teachers' Institute Next Summer**

## WOMAN INSTRUCTOR

**Announcement Is Made Today By County Superintendent Marriott**

The county teachers' institute for next year will be held the week of August 16-20.

The county board of education has succeeded in obtaining two instructors who, from all indications, are the best that can be had. One of these is Dr. F. H. Green of West Chester Normal school, Pennsylvania. He is a co-worker with Dr. S. C. Schmucker who was one of the instructors last August. He has been engaged in institute work for several years and is regarded by all who are familiar with institute work as an equal if not a superior to Dr. Schmucker. Mr. Schmucker recommends him very highly. As a matter of fact he did institute work in Knox county several years ago, and all who heard him then say he has few, if any, superiors.

Supt. L. E. York of Massillon, the other instructor at the institute last August, recommends very highly Josephine L. Leach of Toledo as an institute worker. He says unhesitatingly that she is one of the best in Ohio. Prof. H. B. Williams, president of the State Normal College at Bowling Green, Ohio, says that she is one of the best in the field. She has charge of the normal training work in the city of Toledo, and is assistant superintendent of the Toledo schools. She is particularly strong in method work, and we feel sure will be of great value to teachers of Mt. Vernon and Knox county. After much correspondence and some changes in her institute program, she has accepted the invitation to be one of the instructors.

All teachers are asked to arrange their work wherever possible so that they will be able to be present and enjoy these instructors on the week of August 16-20, 1920.

Mr. and Mrs. T. S. Pitkin and Dr. and Mrs. C. D. Conard have returned from a visit with relatives in Canton,
